## List of Practical's and Progressive Assessment Sheet

| SN | Title of the Practical                                                                               | Page No | Date of Experiment | Date of submission | Assessment marks | Dated sign of teacher | Remarks (if any) |
|----|------------------------------------------------------------------------------------------------------|---------|--------------------|--------------------|------------------|-----------------------|------------------|
| 01 | Laboratory-01: Basic Linux Commands and Practicing the Shell Scripting (Variable, input, and output) | 01      | 28/01/2026         | 18/02/2026         |                  |                       |                  |
| 02 | Laboratory-02: Practicing the Shell Scripting (if-else, argument passing in shell function and loop) | 09      | 28/01/2026         | 18/02/2026         |                  |                       |                  |
| 03 | Laboratory-03: Simulating the Process Scheduler (FCFS, SJF CPU Scheduling Algorithm)                 | 19      | 18/02/2026         | 24/02/2026         |                  |                       |                  |
| 04 | Laboratory-04: Simulating the Process Scheduler (Shortest Job First CPU Scheduling Algorithm)        | 27      | 24/02/2026         | 03/03/2026         |                  |                       |                  |
| 05 | Laboratory-05: Simulating Page Replacement Techniques (FIFO Page Replacement Techniques)             | 35      | 31/03/2026         | 08/04/2026         |                  |                       |                  |
| 06 | Laboratory-06: Simulating Page Replacement Techniques (LRU & Optimal Page Replacement Algorithm)     | 43      | 08/04/2026         | 15/04/2026         |                  |                       |                  |
| 07 | Laboratory-07: Deadlock Simulation & Prevention in OS                                                | 49      | 15/04/2026         | 22/04/2026         |                  |                       |                  |
| 08 | Laboratory-08: Memory Allocation in OS                                                               | 55      | 22/04/2026         | 29/04/2026         |                  |                       |                  |
| 09 | Laboratory-09: Disk Scheduling Techniques in OS                                                      | 63      | 29/04/2026         | 06/05/2026         |                  |                       |                  |
